## The Way We Worked Graphics Package

For the first time, Museum on Main Street is providing a Graphics Package to supplement *The Way We Worked*. The graphics package contains two invitation designs and two advertisements for print materials, one color and one black & white. All designs include spaces for you to include your local information and dates. You are not required to use these designs but they have been provided as an option.

These files have all been created using Adobe InDesign CS5, a standard professional graphic design software. We recommend that you take these files to a local graphic designer or printer and have them edit the files to include your local dates and information. Your local newspaper may also be able to edit the files for you.

Included in this package:

- 4-color small ad – 3.94w x 7h inches
- black & white ad – 3.94w x 7h inches
- 4-color invitation #1 – 7w x 10h inches / folds to 5h x 7w inches
- 4-color invitation #2 – 7w x 10h inches / folds to 5h x 7w inches

Please don't forget to include your state humanities council's logo on each publication.
